

Sinclair Broadcasting's decision to FORCE their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of fascistic corporatism and media consolidation.

It is an outrage that Sinclair uses our public airwaves free of charge, is obligated by law to serve the public interest and intends to contaminate a national election with outright propaganda. The FCC's mission is to represent the interests of WE THE PEOPLE, NOT the corporate world. Be OUR advocate, not one for large media moguls whose only interest is corporate profits! The very survival of our democracy is in your hands as you can either decide that forced propaganda is just another example of First Amendment freedom or you can decide that SOMEONE (like their government) needs to stand up for the public's right not to be actively lied to.

As has been the case in so many other arenas, deregulation of your agency has not freed us from the shackles of a nanny government. Rather, the public has just become more vulnerable to the slickly produced advertisements that further the aims of a handful of rich folks, some of whom aren't even Americans!

Serve ME, your public, not the interests of media moguls and stop the forced airing of Stolen Honor! Thank you.
